

Why Extreme Blue Enhanced?

The money savings:

- No more estimating (or guessing!) workers' hours.
- Eliminates math errors when calculating time.

The time savings:

- Employees clock in right on site.
- Payroll prep takes minutes, not hours.

The bottom line:

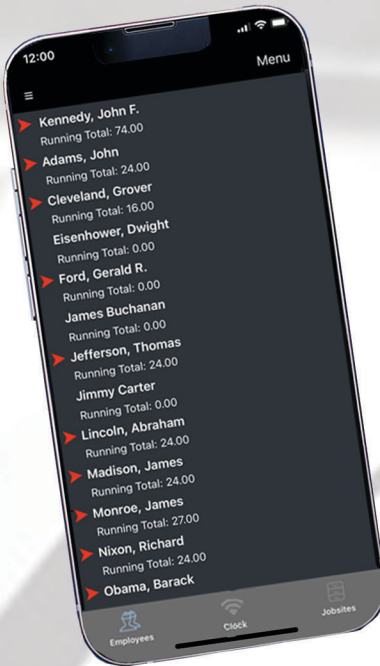

- Pays for itself in just weeks!

Designed and built in USA

Extreme Blue Enhanced: On-Premise Edition Weatherproof and linebacker-tough

Download worker hours from time clock to smartphone, then upload the data to TimePilot's PC software!

The clock

- Rugged construction; handles rain, snow, cold, heat, dust, etc.
- Up to 2,000 employees.
- Powered by 4 AA batteries that last a year.
- No annual or monthly fees.

Clocking in after a blizzard.

TimePilot's BlueSky smartphone app

- Uses Bluetooth® wireless technology to download clock-in data to your iPhone® or Android™ smartphone.
- Make any corrections necessary, then with just a tap on the phone, upload to your database on your server or PC.

The TimePilot 5 management software

- Windows-based; handles data from multiple clocks.
- Calculates hours—with rounding & OT—in just seconds.
- Generates reports; exports data to QuickBooks, ADP or other payroll software or services.

How does it work?

1 Employees clock in or out with just a tap of their iButton.

2 Download data to your smartphone, make any corrections, then upload it to headquarters.

3 TimePilot software combines data from multiple clocks, creates reports and exports to payroll services or software.

What's an iButton?

It's a key-sized, rugged identification device that is unaffected by water and most chemicals. iButtons are more reliable than biometrics for identifying individuals and can be reassigned quickly and securely. This product comes with 10 iButtons. It can handle up to 2,000; just add iButtons!

The Extreme Blue Enhanced time clock system is designed and built by TimePilot in the USA
