

The process, step by step

1

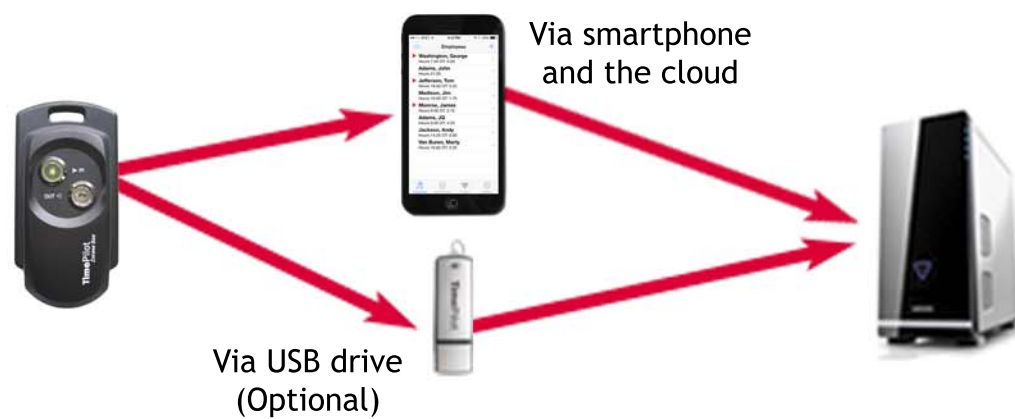

Employees clock in and out

2

Collect time data and transfer to PC or server

TimePilot Extreme Blue Enhanced

TimePilot Vetro

TimePilot Tap+

TimePilot PC

3

Extract the pay period in TimePilot Central

Yellow bar across top of transactions indicates an extracted pay period.

4

Make corrections (if needed) in TimePilot Central and print reports

5

Optional:
Export data to payroll program or service
