An important message prints. Read the message.

6 Using the Clerk Display
Your cash register includes two displays: 1 display for the clerk or operator and 1 display for the customer. The clerk screen prompts you through setting up the cash register and using it to ring up sales. The main screen on the display looks like this. The menu system prompts you through programming and sales. Always follow the instructions on the screen. Refer to the manual for detailed information about the options on the screen.
You may see a scroll bar on the right side of the screen. This means there are more options to see if you use the 3 and 4 keys.
When you are programming, you also see text that moves across the bottom of the screen. This text provides a brief explanation of the selected option.

7 Navigating the Clerk Display
Navigating the clerk screen is easy. Use the following keys:
To do this... Press this...
See the main menu Move up and down through the menu options
Select the highlighted option Use back one menu level
Clear your typed entry and start over
